

Educator Open House

October 8, 2025

5:30–8:00 PM

Welcome educators! This exclusive educator-only event includes admission to two Fall-Winter exhibit halls, **Monsters of the Abyss: Aquatic Predators Past + Present**. Educators will also have special access to new Kendall Planetarium shows and new Empirical Theater documentaries. OMSI educators will be available to talk about programming options. Program registration staff will be available to reserve limited program dates. Light refreshments will be available during the welcome speech.

Pre Registration is required. This event is exclusively for educators, community group leaders, and out-of-school professionals.

Monsters of the Abyss: Aquatic Predators Past + Present

Dive back in time to explore what lurked beneath the surface in Monsters of the Abyss: Aquatic Predators Past + Present, an immersive, educational experience for all ages. Meet massive mosasaurs, a spine-chilling Spinosaurus, and bizarre creatures as you travel through millions of years, witnessing the rise and fall of Earth's most awe-inspiring aquatic creatures as well as their present-day descendants. Highlighted by amazing fossils, daily educational programming, and some unbelievable live animals, this exhibit brings guests face-to-face with the real-life monsters who defy imagination and have inspired myths and legends. You'll have to see them to believe them.

Traveling Education to Your School

Learn more about OMSI's 2024–2025 program catalog! Everything from our portable planetarium to assemblies and classroom programs.

Field Trips to OMSI

Explore Turbine Hall, Empirical Theater, and the Kendall Planetarium! Preview new labs and demos while you plan your next class outing
