

## “Understanding ACES” Training Event

### What is it?

Breakthroughs in research on brain development and the impacts of trauma on health and social skills have led to innovative and effective “trauma-informed” approaches in healthcare, education, human services, public safety, and workforce development.

The Southern Oregon ACEs Training Team is offering a training presentation on the Adverse Childhood Experiences study (ACEs) and how an understanding of the science behind brain development can transform schools, workplaces, and communities.

### Who should attend?

Professionals and staff in Education, Health Care (physical, behavioral, oral), Child Care, Law Enforcement, and Social Services.

### Why should you attend?

- ★ This training provides information that helps explain virtually all of the health and social problems we face in our community and society. (Yes that statement is scientifically true!) It can lead to significant changes in how you approach your work and your day-to-day life. Some attendees have said, “THIS CHANGES EVERYTHING!”
- ★ 2 PDU, 2 CME\* credits and 2 ORO hours are available.
- ★ It is free to you. This event is sponsored by AllCare Health and WOAHA, the Coordinated Care Organizations that serve Curry county.
- ★ It’s accessible. Centrally located, convenient from Port Orford, Gold Beach, Brookings.
- ★ Dinner is provided.

### *You’re Invited!*
