Feeling overwhelmed by disruptive behaviors in your group? Wonder why youth react with aggressive behaviors or meltdowns? Join us at the Behavior Support Institute for a dynamic, hands-on learning experience designed for professionals in afterschool and summer programs. This event is relevant for **staff of all levels** working directly or indirectly with youth aged PreK-6th grade.

Day 1: Behavior 101 & Foundational Practices with topics including:

- Understanding the arousal continuum, escalation cycle, and de-escalation strategies
- Building strong relationships as a foundation for behavior support
- Oregon data and statistics around mental health
- Creating a Culture of Care

Day 2: Team-Based Strategies & Supportive Systems with topics including:

- Adult Regulation and Self Care
- Prioritizing mental wellness for educators
- Regulating Routines, Rituals, and Program Ecology
- Designing program structures that support both staff and youth
- Reinforcing team roles and collaboration
- Exploring how YOU fit into a successful team that supports youth development and educator wellness

Don't miss this opportunity to gain practical strategies, connect with peers, and enhance your skills.
