

GETTING READY FOR PRESCHOOL STEM

MODULE 2: SUPPORTING STEM LEARNING

Join OregonASK to explore and practice hands-on activities from the book *Making and Tinkering with STEM: Solving Design Challenges with Young Children!*

Participants will explore preschool age development and develop strategies for engaging young children in meaningful STEM activities.

Participants will receive 2 hours of Set 2 Credit for the core knowledge category of Learning Environments and Curriculum (LEC) for attending the training.

Time: 10:00 AM - 12:00 PM
Date: Tuesday, May 19th, 2020
Price: \$20/person

Please register [here](#) to sign up for this training.
