Umpqua Community College

1140 Umpqua College Road
Roseburg, OR 97470

3 Training Tracks:

- 1. Linking Challenging Behaviors to Positive Guidance Strategies**
UGB: 6 hours of Set 2
- 2. The Developing Human**
HGD: 6 hours of Set 3
- 3. Growth Mindset & Behavior Supports that Build Success for Children**
UGB: 3 hours of Set 1
HGD: 3 hours of Set 1

Track 1

- Examine common causes of early childhood challenging behavior
- Explore positive guidance strategies for challenging behavior
- Examine factors causing behavioral challenges: developmental stages, temperament, trauma, disability
- Examine influence of environmental design, negative care giving climate, family dynamics and cultural factors on a child's behavior
- Learn general, targeted and intensive interventions
- Access Center on the Social and Emotional Foundations for Early Learning resources
- Practice linking probable causes with appropriate guidance strategies

Track 2

- Guide interactions with children through better understanding of child development
- Learn four major theories of human development: psychosocial theory, cognitive theory, behaviorism, and sociocultural theory
- Study video clips, dialogue with other caregivers, interact with speakers

Track 3

- Explore a growth mindset: the power of dedication and work vs the gifts of brains and talent
- Learn how mindsets impact the children and families you serve
- Develop a love of lifelong learning
- Implementing predictable daily routines.
- Visual Cues, make-n- take
- Managing Challenging Behaviors
